DycoTrade

CTRM

Commodity Trade & Risk Management

Dynamics 365

Demo Virtual Stock Management

In control of your stock – anytime - anyplace

Use Case Characteristics:

- multiple suppliers
- stock is kept both on site and at site supplier
- both supplier and client X can opt for sale/purchase of goods
- transfer of ownership upon sale of good > leads to activity in ERP

Why this use case:

- ERP records activities that have financial – legal impact
- Virtual stock is recorded outside ERP (Excel, Access etc)
- Integrate virtual stock with CTRM through Power Platform
